#### WONDERFUL CURE BY CUTICURA REMEDIES

"Last year at this time I suffered with a tremendous itching on my back, which grew worse and worse, until it spread over the whole body, and only my face and hands were free. For four months or so I suffered the torments of the damned, and I had to scratch, scratch, scratch, until I bled. At night when I went to bed things got worse, and I had at times to get up and scratch my body all over, until I was as sore as could be, and until I was as sore as could be, and until I suffered excruciating pains. I did not know what it was, and resorted to a number of blood purifiers, using at times also Cuticura Soap. They told me then that I was suffering from eczema. Then I made up my mind that I would also use Cuticura Ointment and Cuticura Resolvent. I used them according to instructions, and very soon indeed I was greatly relieved. I continued until well, and now I am ready to recommend the Cuticura Remedies to any one who suffers as did your obedient servant. Mrs. Mary Metzger.

#### RUSH OF TOBACCO.

Warehouses Have Had to Ask Farmers to Hold Back Crops.

AMELIA COURTHOUSE, VA., Feb. 23.
The warehouses of the Dark Tobacco Growers Association have been crowded to their capacity in many places, and lave had to ask farmers to hold back deliveries. The decline in prices caused many farmers to ask for particulars, and many now members have pledged their crops. The work is carefully explained at the prizeries, and it readily appeals at the prizeries, and it readily appeals to those who desire to obtain and retain a better system of prices for tobacco. Judge Stephen L. Farrar was very sick during the early part of this week. He was attended by Dr. G. C. Eggleston, and is now up and out again.

Mr. McClean has accepted the position of superintendent of the Norfolk district in the Security and Equity Bond Company, a corporation recently organized here.

The last dance of the ante-Lenten scason was given at the Riverside Country Club this evening, and was largely attended by club members and their guests.

The negro snatch-thief, a species of crook very active here a few months ago, is again at work. While Mrs. Gray McCandilish and a friend were walking along Davis Street last evening a negro man seized Mrs. McCandilish's pecketbook, and ran down a neighborhing alley. The ladies cannot give an accurate description of the thief, and the police have no clue to his identity, but the pocketbook was recovered by Chief of Police Ragiand to-day, the negro having thrown it away after taking the money. Palmer Nearly Kills Adversary.

(Special to The Times-Dispatch.)

WEST POINT, VA., February 23.—It
was stated early in the week that the
cause of the throat cutting, near Gressit's, in King and Queen county, Saturday, 17th instant, was due to a quarrel
about money. The fact is, Mr. R. T.
Palmer, junior member of the firm of
P. H. Palmer & Son, was in the habit of
paying his saw-mill employes Saturday
from a check forwarded from Delaware.
For some reason, the malls did not bring
the check as expected. About noon, Mr.
Palmer stated that the check hadn't
come, and he would be unable to pay off
at the appointed time. He started off
down in the woods to have a bad place
in the road mended, while there, his
sawyer passed, going home, and gave
him his pocket knife, that he (the
sawyer) had borrowed previously. The
sawyer explained that he had injured
the edge very much, but thinking he
might need it, he had brought it to him,
but he would sharpen it Monday. A few
minutes after, Mr. Palmer returning, met
Judson Boyd, colored, who approached
him, saying: "I am going to have my
money; you just trying to keep us out
of our money; you got plenty of money
and I am gwine to have mine." With
that Boyd struck hr. Palmer with a club
on his forehead, and on the back of his
head and again causing the loss of much blood. Mr. Palmer had no weapon of de-fense but the knife with the ragged edge and he used it for all it was worth. But for the gagged edge the head would have been severed from the body. Possibly Mr. Palmer would have killed Boyd any way but for the interference of one of the colored employes who happened along

Electric Water-Power Plant to Be Established at Eagle Point Falls

Established at Eagle Point Falls
(Special to The Times-Dispatch.)
BOYDTON, VA., February 23.—The
scheme to utilize the great water power
at Eagle Point Falls on the Roanoke
River, some six miles south of this place,
is taking shape and the promoters are
confident of good results. It has only
been about two weeks since a party of
Northern capitalist, in company with
some of Boydton's citizens, interested in
the project, came down the river in a
small boat from Clarksville for the purpost of making a close, personal insepction of the river, and its advantages for
water power. They passed through this
place after inspecting the falls, but gave
out nothing as to their plans, but it is
known that they were well pleased with
the outlook, and that in a short time the
great work of damming up the Roanoke
will begin.

But few clitzens realize fully the importance of this enterprize and the advantages to be derived to this section
from it.

It is claimed that power can be fur-nished to all the neighboring towns for manufacturing purposes and electric lights for the towns, and, indeed, for lights for the towns, and, indeed, for anything which may require great power. The enterprise is backed by ample means, and men of experience in electrical work are at the head of it and who are also successful business men. Options have been, taken on nearly all the land necessary to be used by the company. The immense water power at Eagle Point Falls has long been known to the public, but an undertaking of such magnitude to develop it, as the one now proposed, was never dreamed of by the most enthusiastic.
